

PTG Treatments Ltd

Environmental Policy Statement

Senior management at PTG Treatments is dedicated to offering industrial timber treatment while minimising adverse effects on the environment. PTG Treatments is committed to promoting sustainable practices to the greatest extent feasible, considering our customers, stakeholders, technical expertise, and economic factors by allocating the necessary resources to realise this vision.

In particular, we will endeavour to:

- Assess the environmental impacts of our operations
- Comply with all applicable legislation and industry codes of practice
- Promote the use of sustainable materials and methods
- Reduce the use of natural resources and energy
- Control emissions and prevent pollution and nuisance
- Manage the production, re-use, recycling and disposal of waste
- Raise awareness of environmental issues through training
- Communicating this policy to all employees, suppliers and subcontractors.

This policy is implemented and continually enhanced through the operation of a management system that complies with ISO 14001:2004.
